CCPAAbout Search Results For YP Search Results - Real Yellow PagesSM - helps you find the right local companies to meet your needs. Search results are sorted by a set of factors to give you a range of options in response to search criteria. These factors are similar to those you might use to select the works you can choose from your local yellow page directory, including proximity to where you're looking, expertise in the specific services or products you need, and comprehensive business information to help assess the suitability of your business. Favorite lists, or those with distinctive website buttons, refer to YP advertisers who directly provide information about their business to help consumers make more informed purchase decisions. YP advertisers receive a higher position in the default ranking of search results and may appear in supported lists at the top, side, or bottom of the search results page.
